	Name	Description	Duration
	Accessibility, Special Education, and online learning: Supporting equity in a remote learning environment\n\nCompleted on: 7/22/2020	Learn to teach with the accessibility tools in Windows 10, Office 365, and apps including Teams, Immersive Reader, Math Tools, Word, Translator, and OneNote. Dive deep into areas of student need to learn about specific opportunities and considerations for special education and online learning.	01:00:00
	Inspiring Social Change Leaders!\n\nCompleted on: 5/23/2020	Designed to inspire youth to change the world by connecting students to social change rock stars who, through their stories, will share how they transformed their passion into action, and exhibit the impact one person can have on the world.	02:00:00
	Supporting learning initiatives with Staff Teams\n\nCompleted on: 12/29/2019	Learn how Microsoft Staff Teams can be used by administrators, leaders, and teachers to collaborate on school initiatives.	01:00:00
	Building literacy: Build student vocabulary with PowerPoint (presenter-led training)\n\nCompleted on: 12/29/2019	In this course, teachers will learn how to explore independent vocabulary instruction where students create Frayer Models and build knowledge of vocabulary words used in a short story. Students construct digital Frayer Models in PowerPoint and connect concepts using the Zoom feature.	01:30:00
	Dyslexia Awareness Part 2, in partnership with Made By Dyslexia\n\nCompleted on: 10/18/2019	Microsoft and Made By Dyslexia have a shared mission to empower every person with dyslexia to reach their potential, and we have partnered to create tools to help make this happen. This course will provide an overview of ways teachers can elevate their practice to scaffold support for students in any content area.	01:00:00
	Surf the 5 C's with Wakelet\n\nCompleted on: 10/9/2019	This Wakelet course will allow educators to unlock the power of the platform in their classrooms and use it to further improve student skills across the 5Cs – collaboration, creativity, critical thinking, communication and curation.	00:45:00

	Crafting a collaborative learning environment with Class Teams Completed on: 9/28/2019	Microsoft Class Teams enables teachers to collaborate with students while seamlessly integrating assignments, assessments, and applications directly into the Team	01:00:00
	Collaborative classes with Microsoft Teams for higher education Completed on: 9/21/2019	Microsoft Class Teams provides professors and teachers assistants (TA) with the most efficient class workflow yet. Within Teams, professors can quickly converse with students, share files and websites, create a OneNote Class Notebook, and distribute and grade assignments. Students are free to use the Microsoft tools they are most familiar with—Word, PowerPoint, OneNote, and Excel—as well as access websites and other frequently used third-party apps. Built-in OneNote Class Notebooks and end-to-end assignment management allows teachers to organize interactive lessons, deliver personalized learning, and provide effective and timely feedback. With one location for everything, Class Teams saves you time and simplifies everyday logistics, leaving you free to focus on your most important task—improving student outcomes.	01:00:00
	Collaborate faster using Microsoft Teams for higher education staff Completed on: 9/21/2019	Microsoft Staff and PLC Teams provide the perfect location to work with colleagues on projects, curriculum adoptions, and even university wide initiatives. Administrators can communicate and collaborate with their faculty in one location. Policies and procedures, forms, instructions for various tasks and responsibilities, and more can all be shared within Teams for quick access. Teams supports online meetings with screen share and whiteboard annotation that can be recorded, automatically saved, and transcribed in Stream. Whether your colleagues are down the hall or in another building across town, Staff and PLC Teams support collaboration among educators.	01:00:00

	Engage and Amplify with Flipgrid Completed on: 9/21/2019	In this course you will learn how to integrate Flipgrid into your classroom and explore Flipgrid ideas and resources from educators around the world. This course is designed for educators of all subject areas, early grades through higher education who want to empower student voice with Flipgrid. Upon completing this course, you will earn the Flipgrid Certified Educator badge and will join an inspiring community of thousands of educators around the world using Flipgrid to engage and amplify their learners!	01:00:00
	Welcome to Blended, Personalized Learning! Completed on: 9/21/2019	Learn how to begin or enhance your blended, personalized instruction to create learning experiences that ensure success for each student. Dive into various blended learning models: station rotation, flipped learning, flex model with playlists and more whilst exploring lessons that were personalized to reach each students' unique interests and/or needs with Buncee. Gain an understanding of what blended learning is and why it makes personalized learning easier. Understand how to use popular blended learning models in your classroom.	01:00:00
	Transform Learning with Microsoft Teams Completed on: 9/21/2019	Learn the basics of teaching students with Microsoft Teams for communication and collaboration, streamlined file sharing, and Class Notebooks. In Teams, bring all of the tools of teaching and learning together in one place.	01:00:00
	Build a school to career pipeline with esports and gaming concepts Completed on: 6/28/2019		01:00:00
	Microsoft in Education Completed on: 6/28/2019		00:00:00
	MIE Trainer Academy Completed on: 6/18/2019	The Microsoft Innovative Educator (MIE) Trainer Academy is designed for teacher trainers and those who are responsible for training educators on the integration of technology in the classroom. The goal is to provide trainers exposure to the many Microsoft technologies and resources that support student-centered learning based on authentic problems and projects while aligning to 21st Century Skills, NETS-S and Common Core Standards.	00:00:00

	Office 365 Teacher Academy Completed on: 6/18/2019	Office 365 provides the right environment for better learning outcomes. In this learning path, educators will learn how to become more innovative with cloud-based tools, regardless of the device they use. In this course, learn how to use basic features of Office 365 including Microsoft Teams, OneNote, Sway, Microsoft Forms, Office Online and OneDrive.	00:00:00
	The Student Teacher Education Program Completed on: 6/18/2019	The Student Teacher Education Program (STEP) is designed to prepare pre-service teachers and/or teachers who are new to integrating technology to be successful in using technology tools to create learning environments that empower students to be independent and creative learners, build reading, language and STEM skills, and prepare them for their futures. Additionally, they will have the skills and understanding of how technology can be leveraged to transform their time spent outside teaching planning and assessing, so they will have more time to focus on their students	00:00:00
	Skills for the Future, Voice, and Collaboration Completed on: 6/18/2019	Students can build future skills and social and emotional skills for success in school and in life. This learning path will show how you can teach with tools and resources to help students develop their voice and collaboration capabilities.	00:00:00
	Microsoft in Education Completed on: 6/18/2019	The Microsoft in Education learning path is a set of introductory courses to get you started on our suite of Microsoft tools for teaching and learning.	00:00:00
	Introduction to Microsoft Teams – the digital hub for educators and students Completed on: 6/18/2019	Microsoft Teams is a digital hub that brings conversations, content, and apps together in one place. Educators can create collaborative classrooms, connect in Professional Learning Communities, and communicate with school staff all from a single experience in Office 365 for Education. This course will provide educators with the necessary steps for getting up and running with Microsoft Teams.	00:45:00
	Digital Inking with Surface Completed on: 5/7/2019	The Digital Inking with Surface course shares ideas and strategies for using inking technology seamlessly with a classroom. Improving student retention and comprehension through note taking, sketching, annotating and doodling is discussed and the course highlights using a digital pen with math, coding and productivity applications.	01:00:00

Creativity in the classroom: Open up new realities with Paint 3D (presenter-led training) Completed on: 4/21/2019	This course explores ways to support student learning and creativity with Microsoft Paint 3D, a program that allows both teachers and students to manipulate creations in three-dimensional space as they learn about subject matter and develop academic skills at the same time.	01:30:00
Microsoft K-12 Education Transformation Framework: Technology blueprint Completed on: 4/21/2019	The fourth pillar in the Microsoft Education Transformation Framework is the technology blueprint for transformation. It provides a strong foundation: a reliable, responsive, and date-driven technology environment. It empowers teachers, learners, and administrators to achieve more every day with intuitive devices. And it gives everyone easy access to the data they need to gauge and improve academic and administrative performance. Technology blueprint is a vital component to real transformation providing a reliable, responsive and data-driven technology environment empowering teachers, learning and administrators to achieve more every day in the modern classroom. Through this course you will experience: Operations and IT, Collaborative Learning Platform, Data-driven insight, and Devices for learning lessons with learning modules to provide school administrators with common language and a basic understanding of key concepts.	04:00:00
Creativity in the classroom: Perceive new pathways with PowerPoint tools (presenter-led training) Completed on: 4/19/2019	In this course, teachers explore how to leverage features in the PowerPoint app to support and encourage creativity in the classroom.	01:30:00
Microsoft K-12 Education Transformation Framework: Leadership and Policy Completed on: 4/19/2019	This course focuses on Leadership and Policy design for school leaders. This component is aimed at building system-wide leadership to drive change.	04:00:00
Creativity in the classroom: Spark ideas with Sway (presenter-led training) Completed on: 4/19/2019	In this course, teachers explore a flipped classroom scenario using Sway.	01:30:00

Georges Filippousis

	Name	Description	Duration
	Microsoft K-12 Education Transformation Framework: Intelligent environments Completed on: 4/19/2019	Developing intelligent environments to optimize learning for both students and teachers is the third pillar in Microsoft's Educational Transformation Framework. This includes creative collaboration in flexible learning spaces, creating more sustainable and energy-efficient ways of working, and providing responsive and coordinated security to keep learning communities safe. School leaders can create intelligent environments by configuring each learning environment to create purpose-driven and accessible learning spaces backed by smarter security and facilities management. This course will guide school leaders through their own process of building intelligent environments. Starting with a brand new space to design an intelligent environment would be great, but is not realistic for most school leaders. This course takes into consideration the obstacles school leaders face when designing an intelligent environment within their current building.	04:00:00

	Girls in STEM - Closing the STEM Gap Completed on: 4/18/2019	Community leaders including teachers and parents can create conditions for STEM learning and context for applications to authentically engage women. This course introduces educators to research and resources that supports STEM education for girls.	01:00:00
	Course 1: The keys to Office 365 (presenter-led training) Completed on: 3/6/2019	This course introduces teachers to the basics of Office 365 and OneDrive, readying them for using Microsoft apps they're already familiar with and new apps that will enhance their classroom practice and organization.	01:00:00

Georges Filippousis

Name	Description	Duration
Creativity in the classroom: Dive deeper into visual storytelling (presenter-led training) Completed on: 3/6/2019	In this course, teachers will explore how more advanced features of Microsoft Photos allow them to highlight concepts like mood, tone, voice, and non-verbal communication patterns.	01:30:00
Course 2: Office 365, from teacher to teacher (presenter-led training) Completed on: 3/5/2019	In this course, teachers use Office 365 apps to complete common instructional practices such as collaborating, organizing, and creating with colleagues. These explorations show teachers how familiar and new apps apply directly to their teaching practices.	05:00:00
Course 3: Office 365, from teacher to student (presenter-led training) Completed on: 3/5/2019	In this course, teachers explore how to leverage Office 365 and familiar Microsoft apps to support students in collaborating and communicating with each other, planning rich projects, and collecting and sharing data and information with different audiences.	08:00:00
Creativity in the classroom: Break into visual storytelling (presenter-led training) Completed on: 3/5/2019	In this course, teachers explore how to leverage Microsoft Photos to support and encourage creativity in the classroom. Participants will create genre switch movies using still images and their own imaginations.	01:30:00
Office 365 Teacher Academy Completed on: 2/8/2019	Office 365 provides the right environment for better learning outcomes. In this learning path, educators will learn how to become more innovative with cloud-based tools, regardless of the device they use. In this course, learn how to use basic features of Office 365 including Microsoft Teams, OneNote, Sway, Microsoft Forms, Office Online and OneDrive.	11:45:00
Conclusion: Office 365 Teacher Academy Completed on: 2/8/2019	The last step in completing the Office 365 Teacher Academy Learning Path. Complete the assessment, and you will earn your badge!	00:15:00

	Name	Description	Duration
	Dyslexia Awareness: In partnership with Made By Dyslexia Completed on: 2/8/2019	Microsoft and Made By Dyslexia have a shared mission to empower every person with dyslexia to reach their potential, and we have partnered to create tools to help make this happen. Empowering teachers, educators, and parents with knowledge is the first step to unlocking this potential, so we are working together to create free training which will be available globally on the Microsoft Educator Community. This course will provide essential insight into dyslexia, which we believe all educators and parents should have.	01:00:00
	OneNote Teacher Academy Completed on: 2/4/2019	In this learning path,, you will be learn to navigate within the OneNote Windows 10 app structure, use OneNote tools effectively, create lesson plans, assessments, and learning activities using various tools in OneNote, create notebooks for student and teacher collaboration using OneNote Class Notebook, create notebooks for collaboration between the staff members using OneNote Staff Notebook.	03:30:00
	Inclusive Classroom Specialization Completed on: 1/24/2019	It is important to build and provide accessible content, to empower students to access the content in the way that best meets their needs and to provide personalized learning experiences. The courses in this specialization will prepare teachers to meet the needs of all learners in the classroom.	09:00:00
	STEM Level III Completed on: 1/24/2019	This learning path is designed to provide the educator with an advanced set of skills and knowledge for how to use technology in the classroom to support STEM learning objectives. This learning path includes all of the courses from STEM Level I and STEM Level II along with Minecraft and STEM, Digital Storytelling in STEM and Microsoft Imagine Academy.	04:15:00
	STEM Level II Completed on: 1/24/2019	This learning path is designed to provide the educator who has some experience using technology in the classroom to support STEM learning objectives to move beyond basic concepts. It includes the full My Minecraft Journey, how to create maker challenges to infuse computational thinking into the classroom and the basics of programming and computer science with both LEGO Education and MakeCode.	07:30:00
	STEM Level I Completed on: 1/24/2019	This learning path is designed for the educator who has little or no experience using technology in the classroom to support STEM learning objectives. It provides the basic knowledge needed to start incorporating computational thinking, basic computer science, some physical computing, Minecraft and more into his or her classroom.	08:00:00

Microsoft Teams Course 4: Assignments and feedback (presenter-led training) Completed on: 11/16/2018	The Assignments and feedback course explores how to create, assign, post, and grade assignments in Teams. In the Presenter's and Participants' packages, you'll find just about everything you need to facilitate a collaborative teacher training session. Just bring your presentation A-game (we know you always do). We've got planning and organization covered.	02:00:00
Microsoft Teams Course 3: Working with students (presenter-led training) Completed on: 11/16/2018	The Working with Students course focuses specifically on teacher-to-student communication and organizing instruction within Teams. In the Presenter's and Participants' packages, you'll find just about everything you need to facilitate a collaborative teacher training session. Just bring your presentation A-game (we know you always do). We've got planning and organization covered.	02:00:00
Microsoft Teams Course 5: Class Notebook in Microsoft Teams (presenter-led training) Completed on: 11/16/2018	The Class Notebook in Microsoft Teams course explores how to leverage Class Notebook within Teams to plan rich, well-thought out curriculum, assign engaging projects, and support student collaboration and communication.	02:00:00
Mobile Tools for Inclusive Classrooms (presenter-led training) Completed on: 11/16/2018	The Mobile Tools for Inclusive Classrooms course introduces teachers to the Microsoft Translator and Office Lens tools. This course is designed to help educators leverage these apps to meet the needs of diverse learners in the classroom. In the Presenter's and Participants' packages, you'll find just about everything you need to facilitate a collaborative teacher training session. Just bring your presentation A-game (we know you always do). We've got planning and organization covered.	01:15:00
Literacy Tools for Inclusive Classrooms (presenter-led training) Completed on: 11/16/2018	The Literacy Tools for Inclusive Classrooms course introduces teachers to the Immersive Reader and Dictate tools. This course is designed to help educators learn how to leverage digital literacy tools to support their students' reading, writing, and fluency development. In the Presenter's and Participants' packages, you'll find just about everything you need to facilitate a collaborative teacher training session. Just bring your presentation A-game (we know you always do). We've got planning and organization covered.	04:00:00

	21st Century Learning Design Completed on: 12/19/2017	21st Century Learning Design (21CLD) for Educators is a collection of 8 courses with 4-6 lessons in each course. This learning path provides teachers with clear and practical ways to develop 21st skills using digital technologies with their students. Through a collection of Office Mix Lessons, 21st Century Learning Design for Educators builds on the research methodology providing a collaborative, practice-based process to help educators transform how they design enriching learning activities for their students. The complete series of 8 courses consists of 20 hours of Office Mix Lessons, video and self-assessment materials. Educators have the opportunity to actively participate in the course by sharing their materials and by engaging in ongoing discussion as part of a community of learners.	20:00:00
	21st century learning design: Course 8 - embedding 21CLD in practice Completed on: 12/19/2017	This course will provide you with practical activities where you can reflect on your practice and on the practice of other teachers. This self-reflection and observation ensures that you can continue to enhance your professional practice using ICT, in order to develop your students' 21st century skills.	01:00:00
	21st century learning design: Course 7 - use of ICT for learning Completed on: 12/18/2017	Information and communication technologies (ICT) have become commonplace in all aspects of life, including education. The use of ICT in education all too often supports the consumption of information and ideas. This course highlights the need to use ICT to transform learning experiences and to create and design new information. To successfully complete this course, you must pass the assessment by answering at least 80% of the questions correctly.	03:00:00

	Darba sākšana ar OneNote Completed on: 11/10/2017	Mācīšanos var padarīt daudz spēcīgāku un dinamiskāku, izmantojot rīkus, kas jau ir jūsu priekšā, un tas ir pedagogu ziņā, kā tos efektīvi pielietot ar skolēniem klasē. Izmantojot programmu Microsoft OneNote, pedagogi var izveidot digitālās piezīmju grāmatiņas, kas atbalsta akadēmiskos standartus un izglītības mērķus dažādos mācību priekšmetos un uzdevumos, piemēram, rakstīšana, lasīšana, matemātika, zinātne, vēsture, karjeras un tehniskās izglītības, un izvēles priekšmetos. Skolēni var izmantot OneNote dažādos satura apgabalos un vērtēšanas sistēmās, kā arī izmantot OneNote, lai apkopotu un organizētu nestrukturētu informāciju, pētījumus un saturu. Programma OneNote atbalsta arī pētniecību, sadarbību, informācijas pārvaldību, saziņu, piezīmju pierakstīšanu, dienasgrāmatas izveidi, notikumu analīzi un akadēmiskās prasības.	01:00:00
![badge]	**OneNote Staff Notebook: Tools for staff collaboration** Completed on: 11/10/2017	Lean how to collaborate with colleagues or staff using OneNote. OneNote Staff Notebooks have a personal workspace for every staff member or teacher, a content library for shared information, and a collaboration space for everyone to work together, all within one powerful notebook.	00:30:00

Introduction to Sway Completed on: 11/6/2015		00:00:00
Microsoft Creative Coding Through Games and Apps Completed on: 11/6/2015	Educators, want to teach students how to make amazing things and to have a real impact on their world? In "Creative Coding Through Games and Apps," a first-semester course to introduce programming in the early secondary grades, students learn by creating real games or apps and by working in the same ways as professional programmers do, in a real software development environment. Designed to attract and reach a broad range of students, including those who may have never before considered programming, this course can be successfully delivered by any teacher, regardless of computer science background, via any modern web browser on phones, tablets, laptops, or desktop computers. The course length is flexible (6, 9, 12, or 18 weeks) and offers online and in-class resources. The downloadable curriculum package provides everything you need to deliver the course, including teacher prep materials, lesson plans, presentations, student assignments, homework, projects, and tests. Best of all, it's free!	01:00:00
Teacher academy: OneNote, the ultimate collaboration tool Completed on: 11/5/2015	In this course, you will be learn to navigate within the OneNote structure, use OneNote tools effectively, create lesson plans, assessments, and learning activities using various tools in OneNote, create notebooks for student and teacher collaboration using OneNote Class Notebook, create notebooks for collaboration between the staff members using OneNote Staff Notebook. To successfully complete this course, you must pass the assessment at the end with 80% of the questions answered correctly.	03:00:00

Georges Filippousis
