## Modules completed

Module title	Description	Completed on	Duration
Use AI tools to create an inclusive learning environment	In this module, you learn how AI tools can help foster inclusive and adaptive learning environments, enabling trainers to address the varied needs of their learners.	Mar 16, 2024	22 min
Streamline training plans with AI tools	AI tools can aid in streamlining training plans. It helps in building learning objectives, streamlining research, creating assessments, providing feedback, and improving writing quality. Collaboration is boosted with tools like Microsoft Copilot.	Mar 16, 2024	18 min

Module title	Description	Completed on	Duration
Implement AI tools into a training environment	Explore the power of AI tools in education and training plans. Learn how to integrate AI tools to enhance creativity, productivity, and efficiency in your training sessions. Understand the potential and limitations of AI through real-life examples and enhance your training experience.	Mar 16, 2024	17 min
Build your team	Find out how to build your startup team and find cofounders. Learn how to benefit from diversity in teams, mentors, and risk management measures.	Feb 29, 2024	34 min
Challenge project - Create a mini-game	Use methods with parameters and return values to develop the features of a console mini-game.	Feb 29, 2024	45 min
Beyond the basics with Flipgrid	Go beyond the basics in this module as you learn how to integrate Flipgrid into your classroom through some of the more advanced features of the platform. This module is designed for educators of all subject areas, early grades through higher education, who want to empower Student Voice and already have a working knowledge of Flipgrid.	Feb 29, 2024	50 min
Creative expression and social emotional learning with Buncee	The module will guide educators on using creative expression as a means to foster the core competencies of social-emotional learning (SEL).	Feb 29, 2024	57 min

Module title	Description	Completed on	Duration
Προσβασιμότητα: Δημιουργήστε τα θεμέλια για μάθηση χωρίς αποκλεισμούς	This module is not available in English. The original version can be found in Greek only.	Feb 29, 2024	49 min
Empower school leaders and tech-savvy educators with Windows 11 and Windows 11 SE: Course 101	This module helps education leaders understand why and how to use Windows 11 and Windows 11SE in the classroom and online. It comprises best practices for integration, support, collaboration, and learning.	Feb 29, 2024	1 hr 10 min
Introduction to generative AI - Exploring the basics	By understanding the basics of generative AI models, you empower yourself to make responsible decisions when using these models. This knowledge allows you to critically evaluate outputs, assess their reliability, and understand potential limitations leading to more informed and effective interactions with generative AI.	Feb 29, 2024	22 min
Earn Learning Accelerator credit toward the Microsoft Education Solutions badge	This module teaches education partners in the Partner Success Series how to earn credit for the Learning Accelerators for education partners learning path.	Feb 15, 2024	9 min
Increase educator adoption of Education Insights	This module teaches education partners how to help customers proactively track student experiences with digestible visualizations. Part of Partner Success Series.	Feb 15, 2024	45 min

Module title	Description	Completed on	Duration
Increase educator adoption of Reflect	Teach education customers to provide opportunities for students to reflect on learning so teachers can modify teaching according to students' needs. Partner Success Series.	Feb 15, 2024	1 hr
Increase educator adoption of search tools	This module introduces Microsoft Search Coach, Search Progress, and Bing Chat Enterprise for education partners. This module is part of the Partner Success.	Feb 15, 2024	1 hr 5 min
Increase educator adoption of Reading Progress and Reading Coach	Education partners can increase adoption of Reading Progress and Coach in education customers. Part of the Partner Success Series.	Feb 15, 2024	38 min
Introduction to Learning Accelerators	An overview of Learning Accelerators for education partners. Part of the Partner Success Series.	Feb 15, 2024	33 min
Create a chatbot with Power Virtual Agents and Dataverse for Teams	Learn how to create your first chatbot by using Microsoft Power Virtual Agents and Microsoft Dataverse for Teams.	Feb 6, 2024	41 min
Use AI-powered tools for training	This module contains sample activities that demonstrate how to integrate AI-powered tools into your learning environment.	Feb 6, 2024	1 hr 27 min
A guide to artificial intelligence	This module explores fundamental concepts in artificial intelligence (AI) and machine learning.	Feb 6, 2024	33 min

Module title	Description	Completed on	Duration
Exploring artificial intelligence in action	This module explores various subsets within artificial intelligence (AI) such as natural language processing (NLP), computer vision, and recommendation systems and discuss the integration of AI-powered tools into a learning environment.	Feb 6, 2024	19 min
Introduction to artificial intelligence for trainers	This module explores the dynamic integration of artificial intelligence (AI) in education.	Feb 5, 2024	17 min
Equip and support learners with AI tools from Microsoft	Help learners discover, interact, and create with AI and generative AI including responsible use of AI and prompt engineering.	Jan 11, 2024	1 hr
Explore generative AI with Copilot in Bing	Interact with Copilot in Bing to learn about the capabilities of generative AI. Bring your personal creativity and passion to dream up a novel destination and create the content to help tell its story.	Jan 11, 2024	40 min
Independent learning with math tools in OneNote	Educators will understand how the OneNote Math button allows students to see the steps to solve an equation and helps them become independent learners.	Nov 28, 2023	58 min
Enhance teaching and learning with Bing Chat	Learn how to use basic Bing Chat and Bing Chat Enterprise functionalities that support teaching and learning.	Oct 12, 2023	1 hr

Module title	Description	Completed on	Duration
Become a Reflective educator with Reflect and eTwinz	Discover Reflect with the eTwinz-Get started, embed Reflect in your lesson plans, support student well-being, and become a truly reflective educator.	Oct 12, 2023	50 min
Explore Microsoft Teams as a Microsoft 365 Enterprise Administrator	Explore Microsoft Teams as a Microsoft 365 Enterprise Administrator	Aug 24, 2023	47 min
Get started with Viva Connections for Education	Customize Viva Connections for Education to provide targeted news, conversations, and tools to specific audiences in your educational organization.	Aug 24, 2023	29 min
Introduction to Teams meetings and calling	Introduction to Teams meetings and calling	Jul 11, 2023	48 min
Introduction to AI technology	Learn the primary concepts and technologies of AI, and how Microsoft is turning the latest AI into tools, products, and services that organizations can use	Jul 8, 2023	37 min
Manage Safe Links	This module examines how to manage Safe Links in your tenant by creating and configuring policies and using transport rules to disable a policy from taking effect in certain scenarios. MS-102	Jul 7, 2023	35 min

Module title	Description	Completed on	Duration
Support learning environments with instructional leadership	<p>This module explores using instructional leadership to support learning environments. Microsoft tools and applications are used to enhance data analysis. Differentiated learning opportunities are created for blended learning environments that support and model digital pedagogy implementation. Systems and processes for educator feedback are examined. Methods for establishing a culture of learning are discussed so staff can enhance their comfort with accessibility tools. Virtual event platforms are considered to remove barriers and create equitable opportunities for all students.</p>	Jul 7, 2023	34 min
Support social and emotional learning with Microsoft tools	<p>This module introduces social and emotional learning and gives practical ways to use Microsoft tools such as Minecraft and Flipgrid to augment and enhance learning.</p>	Jul 7, 2023	59 min
Engage and amplify with Flipgrid	<p>Integrate Flipgrid into your classroom to empower student voice. Educators of all subject areas, early grades through higher education, explore Flipgrid ideas and resources from educators around the world.</p>	Jul 7, 2023	56 min

Module title	Description	Completed on	Duration
Promote service learning with the Tech for Good program	Educators learn about using Tech for Good through service-learning and the steps necessary to put tech for good in action.	Jul 1, 2023	42 min
Differentiation in the classroom using the built-in tools in Office 365 and Windows	Differentiation is building different ways of learning into lessons. Accommodations are tools that help students access materials and content that are not otherwise accessible. Both are important during the planning, delivering, and wrap-up phases of lessons. Remote learning presents unique challenges that make it difficult to differentiate or make changes during a lesson. Building in opportunities for students to access the content and lesson; and work in different ways makes learning accessible and engaging for all students.	Jun 30, 2023	1 hr 1 min
Accessibility, special education, and online learning: Supporting equity in a remote learning environment	Learn to teach with the accessibility tools in Windows 10, Office 365, and apps including Teams, Immersive Reader, Math Tools, Word, Translator, and OneNote. Dive deep into areas of student need to learn about specific opportunities and considerations for special education and online learning.	Jun 30, 2023	47 min

Module title	Description	Completed on	Duration
Staying connected with remote learning through Microsoft Teams and Office 365	Are you moving from a face-to-face classroom to an online/remote learning experience? This module explores the considerations, procedures, and planning that administrators and educators will need to examine in preparation for a remote learning experience. As you complete the module, you can use an Action Plan template to guide your work and document your school's plan for remote learning.	Jun 30, 2023	49 min
Teaching and learning - Education Transformation Framework	In this module school leaders and educators learn to help students achieve their potential by taking a student-centered approach to explore all aspects of teaching and learning: curriculum, assessment, devices, and spaces with a focus on understanding and meeting the needs of all students.	Jun 30, 2023	1 hr
Leadership and policy - Education Transformation Framework	In this module, school leaders and educators learn to envision and create an intentional culture of innovation and learning. This culture has shared goals that engage the community. These goals also motivate leaders, educators, and all stakeholders to plan and lead change through collaboration.	Jun 30, 2023	53 min

Module title	Description	Completed on	Duration
Student and school success - Education Transformation Framework	School success is anchored in equity and inclusion. Building capacity through professional learning and development for all ensures students develop their social and emotional skills and are successfully prepared for the future.	Jun 29, 2023	58 min
Intelligent environments - Education Transformation Framework	Develop safe and secure onsite and online environments. Use data analytics to optimize student outcomes and to create efficient, responsive, and sustainable processes and resources allocation.	Jun 29, 2023	1 hr
Learn the basics of web accessibility	This module covers various concepts on the topic of accessibility and how to add it to your web applications during web development. You will learn the importance of using HTML tags properly to describe information, and various improvements you can make to your sites.	Jun 28, 2023	15 min
Use CSS styles in a webpage	Use CSS styles in a webpage	Jun 28, 2023	35 min
Build your first HTML webpage	Build your first HTML webpage	Jun 28, 2023	31 min
Create and customize Microsoft Search answers	Increase engagement and reduce time spent searching by creating customized answers like bookmarks, Q&As, and acronyms in the Microsoft 365 admin center.	Jun 28, 2023	25 min

Module title	Description	Completed on	Duration
Assign admins and plan content for Microsoft Search	Assign and manage key Microsoft Search roles, determine how success will be measured, and plan the content for the initial release.	Jun 28, 2023	24 min
Use and customize Microsoft Search for schools	Overview of the search experience for schools, including the custom results available to students and teachers, and the settings available to customize school and web results for your organization.	Jun 28, 2023	20 min
Ride the Wakelet wave!	Discover how you can curate engaging collections of multimedia materials, to share with your students and colleagues. Ride the Wakelet Wave with a global community of amazing educators!	Jun 27, 2023	39 min
Create digital exams with Dugga	Create, schedule, and grade digital assessments with Dugga. Dugga creates tests, exams, assignments, lessons, homework, and other types of knowledge assessment.	Jun 27, 2023	26 min
MIE Trainer: Trainer Academy	The Microsoft Innovative Educator (MIE) Trainer Academy is designed for teacher trainers and people responsible for training educators on the integration of technology in the classroom. This course gives an overview of the MIE Trainer program, program details, and the steps for becoming an MIE Trainer or MIE Master trainer.	Jun 27, 2023	1 hr 28 min

Module title	Description	Completed on	Duration
Enhance creativity to advance learning with Windows 11 and Microsoft 365 tools	This module explores how educators transitioning to Microsoft 365 from other platforms gain access to a powerful library of creativity tools and apps.	Jun 27, 2023	55 min
Increase productivity with Office, OneNote, and Edge browser in Windows 11	This module explores how educators transitioning to Microsoft 365 from other platforms can increase productivity with Office tools, OneNote, and Edge browser in Windows 11.	Jun 27, 2023	55 min
Build community with Teams and OneNote	This module explores how educators transitioning to Microsoft 365 from other platforms can use Teams and OneNote, two comprehensive programs that offer diverse options and a variety of features.	Jun 27, 2023	55 min
Introduction to Microsoft Search	Discover how to use Microsoft Search, the different types of results available, and get an introduction to the Search & intelligence settings.	Jun 27, 2023	19 min
Empower educators to explore the potential of artificial intelligence	Explore essential AI concepts, techniques, and tools that can support personalized learning, automate daily tasks, and provide insights for education.	Jun 27, 2023	53 min

Module title	Description	Completed on	Duration
Stay organized and find resources with Microsoft Edge	Use Microsoft Edge to support productivity in the classroom by setting up your dashboard, creating Collections, taking and annotating screenshots, and finding the assignments and people you need with Microsoft Search.	May 17, 2023	35 min
Set up Microsoft Edge for learning and teaching	Set up Microsoft Edge to support learning and teaching. Customize your browser using features like Favorites, Extensions and more so it supports security and productivity.	May 17, 2023	43 min
Research and learn using Microsoft Edge	Educators and students use Microsoft Edge features to generate citations for research, solve math problems using Math Solver, set up vertical tabs, and read their own way with Immersive Reader.	May 17, 2023	33 min
Develop search strategies with Search Coach and Search Progress	Search Coach empowers learners to build information literacy skills that transfer to all search engines. With Search Coach in Microsoft Teams, learners build skills in forming effective queries and identifying reliable resources. Educators then review learners' work and track progress through Insights.	Mar 13, 2023	43 min

Module title	Description	Completed on	Duration
Deepen educational experiences with the 21CLD ICT for learning dimension	This module highlights for educators the need to use information and communication technologies (ICT) to transform learning experiences and create and design new information and ICT products.	Mar 8, 2023	51 min
Develop learner executive function with the 21CLD self-regulation dimension	This module introduces the concept of self-regulation and teaches educators how to design learning activities to help learners develop this important skill.	Mar 8, 2023	58 min
Improve communication skills with the 21CLD skilled communication dimension	This module introduces the concept of skilled communication to educators and supports them in designing learning activities to help young people develop this important skill.	Mar 8, 2023	51 min
Innovate learning with the 21CLD real-world problem solving and innovation dimension	This module defines real-world problem solving for educators and explains the dimensions that must be present in such classroom activities to prepare learners with 21st century skills.	Mar 8, 2023	51 min
Practice collaborative skills with the 21CLD collaboration dimension	This module helps educators design learning activities for learners to develop collaboration skills. It introduces the levels of collaboration: sharing responsibility, making substantive decisions together, and working interdependently.	Mar 8, 2023	1 hr

Module title	Description	Completed on	Duration
Develop critical thinking skills with the 21CLD knowledge construction dimension	This module introduces educators to the dimension of knowledge construction which helps learners build deep knowledge that they can transfer and apply in practice.	Mar 7, 2023	1 hr
Transform learning with 21st century learning design	Understand the concept of 21st century learning design. Explore learning in the 21st century and innovative teaching practices that support the development of 21st century skills.	Mar 5, 2023	53 min
Configure and manage Microsoft Teams devices	Learn about the process to deploy and manage Teams devices, including devices selection, required resource accounts, devices provision, and devices management with configuration profiles and device tags, and troubleshooting common issues for Teams Rooms.	Mar 5, 2023	1 hr
Manage apps for Microsoft Teams	Manage apps for Microsoft Teams	Mar 5, 2023	1 hr 17 min
Manage collaboration experiences for chat and channels	Manage collaboration experiences for chat and channels	Mar 5, 2023	53 min
Create and manage teams	Create and manage teams	Mar 5, 2023	52 min

Module title	Description	Completed on	Duration
Keep students engaged: Build strong student/teacher connections in a remote learning environment	<p>This module provides educators practical ways to organize their remote learning experience in order to foster strong connections between students and teachers and to keep students engaged. Educators will learn how to use Microsoft Teams, Stream, OneNote Class Notebook, and Flipgrid to engage students and foster connections with the school community from afar.</p>	Mar 5, 2023	1 hr 1 min
Build social and emotional skills in your classroom community with Reflect	<p>Each student has emotions as complex and real as their supporting adults – but they don't always have the words to express and address those emotions. To support the entire student, educators must build a safe place and appropriate scaffolding to help students learn to talk about and take action for social and emotional wellbeing in the classroom.</p>	Mar 5, 2023	39 min
OneNote Staff Notebook: Tools for staff collaboration	<p>Collaborate with colleagues or staff using OneNote. OneNote Staff Notebooks have a personal workspace for every staff member or teacher, a content library for shared information, and a collaboration space for everyone to work together.</p>	Jan 31, 2023	50 min

Module title	Description	Completed on	Duration
Assemble learners and staff with Microsoft Teams meetings	Discover new ways to create and share Microsoft Teams meetings that facilitate sharing different types of content from various sources. Explore the granular controls educators need while meeting students.	Jan 31, 2023	53 min
Embed 21st century skills with 21st century learning design	Implement 21st century skills and learning into classes using 21CLD for lesson design. Practical activities help educators reflect on their practice and that of other educators.	Jan 31, 2023	29 min
Introduction to Power Apps	Introduction to Power Apps	Dec 13, 2022	22 min
Accessibility: Build the foundation for inclusive learning	This module explores accessibility through several foundational concepts. Learn to create an inclusive learning environment through consideration of each accessibility principle.	Nov 19, 2022	57 min
Work collaboratively with Staff and PLC Teams	Staff Teams and PLC Teams in Microsoft Teams facilitate collaboration between professional colleagues and incorporate file sharing and organization.	Oct 24, 2022	55 min

Module title	Description	Completed on	Duration
Teach forward: Best strategies for hybrid, remote, and blended learning	<p>Did your school see radical shifts in technology implementation during the pandemic? Are you wondering how to take the best of the tools and techniques from pandemic learning and create sustainable practices that increase student engagement and instructional personalization? Blended learning is not a new concept, but it is an instructional innovation that we are now uniquely positioned to adopt in our classrooms across the board in ways we may have previously found impractical. The influx of new technologies and incredible capacity for innovation that has been honed is ripe for transition into a classroom with the intentional flexibility of blended learning. Blended learning combines the best of whole-group instruction, independent learning, small group work, and assessment aided by authentic technology integration. This course walks you through the arc of blended learning models and offers specific technology tool examples to inspire your own plans.</p>	Oct 24, 2022	1 hr
Explore Microsoft Teams	<p>Learn about Microsoft Teams capabilities, including Teams core workloads and integration with other Microsoft services and platforms. Understand the Teams architecture and Teams certified solutions.</p>	May 15, 2022	49 min

Module title	Description	Completed on	Duration
Deploy Microsoft Teams Rooms	<p>Learn to simplify the distribution of Teams Rooms across your environment by standardizing deployments. Discover the various components of Teams Rooms and their interconnections. Learn about the resource account, which represents the meeting room in Microsoft Teams.</p>	May 15, 2022	55 min
Choose the right device for the right space with Microsoft Teams	<p>Learn about the necessary hardware components and how to choose them when designing Microsoft Teams Rooms.</p>	May 15, 2022	18 min
Optimize your network for Teams and Microsoft 365	<p>Learn about the global Microsoft 365 network and how you can optimize your organizational network to maximize performance when accessing Microsoft Teams meetings.</p>	May 15, 2022	23 min

Module title	Description	Completed on	Duration
Lead forward: Integrate the best strategies from remote, hybrid, and blended learning for school leaders	Blending learning environments offers students the best of all worlds of learning. Blended learning incorporates direct instruction in a face-to-face setting, indirect online instruction, collaborative teaching, and individualized computer-assisted learning to ensure students grow along their own learning paths. This module is designed to help school leaders assess, implement, navigate, and sustain a blended learning environment in their schools in a quest to improve every student's learning outcomes and ensure high student agency.	May 5, 2022	58 min
Hybrid learning in the intermediate classroom	This module provides educators ways to use hybrid learning in the intermediate classroom. It expands on the hybrid learning introduction module by focusing on the needs and understanding of the learners in the intermediate grade levels. A specific focus is on creating opportunities for choice, autonomy, and collaboration. It demonstrates how Microsoft Teams, with other Microsoft digital tools, can be designed to be the hub for the intermediate learner.	May 4, 2022	49 min

Module title	Description	Completed on	Duration
Support reading fluency practice with Reading Progress	With Reading Progress in Microsoft Teams students build fluency through independent reading practice, educator review, and educator insights. Recordings allow educators to check student progress regularly while freeing time for active instruction.	May 4, 2022	1 hr
Engage teachers and students with Windows 11 and Windows 11 SE: Course 201	This module helps school leaders and classroom teachers, elevate instructional practices and student achievement using Windows 11 and Windows 11 SE.	May 4, 2022	35 min
Hybrid learning in the primary classroom	This module expands upon the introduction module for hybrid learning, with a specific focus on creating a dynamic learning experience for students in primary grades. Primary grade educators will focus on the fundamentals of using Microsoft Teams as a centralized hub to create a comprehensive and collaborative hybrid classroom designed for primary-age learners.	Apr 19, 2022	46 min
Hybrid learning: A new model for the future of learning	This module introduces educators to the hybrid learning model. Educators will learn about the five elements of hybrid learning, how to implement them, and how to use Microsoft Teams to create a dynamic learning environment for their students.	Apr 19, 2022	1 hr

Module title	Description	Completed on	Duration
Hybrid learning for the adolescent learner	This module expands upon the introduction course for hybrid learning, with a specific focus on creating a dynamic learning experience for students in grades 6-12. Secondary educators will focus on the fundamentals of using Microsoft Teams to create a comprehensive and collaborative hybrid classroom designed for adolescent learners.	Apr 19, 2022	1 hr
Empower every student with an inclusive classroom	This module is designed for educators of all subject areas who want to empower students to utilize tools to unlock their full potential by addressing a diversity of needs.	Apr 19, 2022	1 hr
Windows 10 for education	Create a world of tomorrow in your classroom with easy to set up devices and apps, amazingly integrated tools for learning, and features that engage all types of learners. This course will review the best of Windows 10 for education. Educators completing this module will feel comfortable getting started with Windows 10, using universal apps, inking and interacting with various types of content, and setting up new classroom devices.	Apr 19, 2022	1 hr

Module title	Description	Completed on	Duration
Create authentic assessments with Microsoft Forms	Use Microsoft Forms for surveys, quizzes, and polls in classes to increase student engagement and voice. Office 365 helps streamline and save time managing learning assessments with Forms in Teams and OneNote. Excel can extend analytics on Forms data.	Apr 19, 2022	55 min
Flipped instruction with PowerPoint Recorder	This module teaches how to use PowerPoint Recorder to flip instruction, provide content for students outside of class, and help improve student outcomes.	Apr 19, 2022	42 min
OneNote Class Notebook: A teacher's all-in-one notebook for students	OneNote Class Notebook is platform for teachers to prepare instructional material and collaborate with students. Create a Class Notebook and build instructional content to use with students.	Apr 19, 2022	1 hr 35 min
Navigate Microsoft Learn for Educators and School Leaders	The Microsoft Educator Center (MEC) is merging with Microsoft Learn to become the single training hub to empower digital classrooms, student-centered learning, and technical skilling for educators, students, institutions, and supporting education audiences. Learn how to navigate Microsoft Learn and get access to professional development training, curriculum, hands-on experiences, and certifications.	Apr 19, 2022	22 min

Module title	Description	Completed on	Duration
Leading Schools of 2030	In the recent study, The class of 2030 and life-ready learning, Microsoft partnered with McKinsey & Company's Education practice to gain valuable insights about how we can all help prepare the class of 2030 to thrive in work and in life. This module will help to introduce you to the research findings, draw insight from these findings, and give you practical ways to apply this learning in your school.	Mar 15, 2022	1 hr 32 min
Get started with OneNote	Make learning more powerful and dynamic with Microsoft OneNote digital notebooks. Use OneNote to compile and organize information, research, and content; support research, collaboration, note taking, journaling, and reflection.	Mar 10, 2022	50 min
Converse, collaborate, and build community in Teams	Microsoft Teams in educational settings is a hub for content and the centerpiece for collaboration. Teams facilitates communication between educators and students, families, colleagues, and the larger school community.	Mar 10, 2022	55 min

Module title	Description	Completed on	Duration
Assign and assess learners with assignments and forms in Teams	<p>Class Teams have all the tools educators need from course curriculum, down to daily lesson content, right to the details of the assignment workflow. Put another way, from introducing a topic to assessing it, everything has a place in Microsoft Teams. This module will demonstrate creating, distributing, collecting, and grading assignments. Microsoft Forms offers assessments built right into a Class Team. The feedback process in Teams is efficient for educators and meaningful for students. The grade book in Teams can integrate with many external grade book apps. Teams also offers Insights to track trends in students' work and online behaviors. Those trends can include SEL components thanks to the Reflect app that can be added to Class Teams as well.</p>	Mar 10, 2022	1 hr
Structure Teams through channels, tabs, files, and apps	<p>Besides the people, what makes up a team in Microsoft Teams? We examine the structure and components of a team that make Teams such an efficient place for Class, Staff and PLC Teams.</p>	Mar 10, 2022	1 hr

Module title	Description	Completed on	Duration
Digital storytelling with Microsoft Sway	By allowing teachers and students to focus on content and not worry about format, the Digital storytelling with Microsoft Sway module shows how Sway can be used to capture and share digital stories that need to be told in and around classroom activities.	Mar 10, 2022	1 hr
Creating accessible content with Microsoft 365	This module shows how to create content with Microsoft 365 in a way that enables greater accessibility.	Mar 10, 2022	51 min
Collaborate with colleagues through live Teams meetings and OneNote	Education colleagues collaborate using Microsoft Teams PLC Teams and Staff Teams. PLC Teams are for Personal Learning Communities to engage in professional and personal growth. Staff Teams are designed for school faculties, departments, and district offices.	Jan 10, 2022	1 hr
Get started with Microsoft Teams Rooms	Learn what Microsoft Teams meetings are, what defines Microsoft Teams devices, and what the basic requirements are for setting up Microsoft Teams Rooms.	Jan 10, 2022	27 min

Module title	Description	Completed on	Duration
Adopt, maintain, and troubleshoot Microsoft Teams Rooms	Learn about the available Microsoft Teams end-user adoption tools and how to educate your users on their benefits. Learn how to operate and manage Teams Rooms in a production environment. Discover how to troubleshoot common issues with Microsoft Teams Rooms.	Jan 10, 2022	34 min
Ride the Wakelet wave!	Discover how you can curate engaging collections of multimedia materials, to share with your students and colleagues. Ride the Wakelet Wave with a global community of amazing educators!	Sep 17, 2021	39 min
Connect faculty and learners with Canvas and Microsoft 365	The advantages of utilizing the Canvas learning management system with Microsoft Office 365 apps are highlighted in this module. Each platform has its own features for engaging and connecting with students. Microsoft Teams' collaboration and communication tools used with Canvas's assignment and evaluation resources give educators a powerful and comprehensive framework for supporting learning in a digital context.	Sep 17, 2021	1 hr

Module title	Description	Completed on	Duration
Enrich the learning experience in Edge browser	Microsoft Edge has many tools for educators and learners. Organize research using collections. Separate home and school activities with browser profiles. Write on screenshots and PDFs with digital inking. Create interactive experiences using web capture.	May 17, 2021	57 min
Facilitate meetings and events with Microsoft Teams	Learn how to use Microsoft Teams to schedule and manage meetings, facilitate and participate in meetings, and produce live events that connect people and drive collaboration.	Apr 18, 2021	36 min
Collaborate in teams and channels with Microsoft Teams	Learn how to collaborate in Microsoft Teams through conversations in channels and chats, sharing files, and using Outlook with Teams. Personalize your environment by managing your notification settings and organizing your teams, channels, and chats.	Apr 18, 2021	43 min
Create and manage teams and channels with Microsoft Teams	Learn how to create teams and channels, add apps and tools to your teams, and manage team settings as a team owner in Microsoft Teams.	Apr 18, 2021	46 min
Introduction to collaborating with Microsoft Teams	Learn how you can use Microsoft Teams to communicate and collaborate more effectively with the people you work with.	Apr 18, 2021	25 min

Module title	Description	Completed on	Duration
Accept your identity in the anti-racism journey	This module dives into personal identities, specifically discussing race, and how those identities have shaped our personal belief systems. This is the third module in a learning path and is intended to be taken in order in that path.	Mar 14, 2021	1 hr 15 min
Minecraft learn to play: Assessment and feedback tools	This module explores how Minecraft: Education Edition supports teaching and learning through an interface that allows for assessment and feedback of content knowledge and 21st century skills by educators and students.	Jan 3, 2021	1 hr 3 min
Minecraft: Education Edition: Introduction to game-based learning	In this module we will explore how Minecraft: Education Edition supports teaching and learning through a game-based interface that promotes creativity, collaboration, and problem-solving in an immersive environment where the only limit is the learner's imagination.	Jan 3, 2021	1 hr
Empowering young people to take action	'Empowering Young People to Take Action', which forms part of WWF's 'Education for a Sustainable Planet' learning path, aims to help you further your understanding of sustainability and equip you with relevant information, tools, activities and good ideas from other skilled practitioners to make Education for Sustainable Development a cornerstone of your teaching practice.	Jan 3, 2021	1 hr

Module title	Description	Completed on	Duration
Driving change towards sustainable schools	Driving Change Towards Sustainable Schools, which forms part of WWF's Education for a Sustainable Planet learning path, aims to help you further your understanding of sustainability and equip you with relevant information, tools, activities and good ideas from other skilled practitioners to make Education for Sustainable Development a cornerstone of your teaching practice.	Jan 3, 2021	1 hr
Encouraging active and participatory learning	'Encouraging Active and Participatory Learning', which forms part of WWF's 'Education for a Sustainable Planet' learning path, aims to help you further your understanding of sustainability and equip you with relevant information, tools, activities and good ideas from other skilled practitioners to make Education for Sustainable Development a cornerstone of your teaching practice.	Jan 3, 2021	1 hr
Making connections	'Making Connections', which forms part of WWF's 'Education for a Sustainable Planet' learning path, aims to help you further your understanding of sustainability and equip you with relevant information, tools, activities and good ideas from other skilled practitioners to make Education for Sustainable Development a cornerstone of your teaching practice. Beyond the basics with Flipgrid	Go beyond the basics in this module as you learn how to integrate Flipgrid into your classroom through some of the more advanced features of the platform. This module is designed for educators of all subject areas, early grades through higher education, who want to empower Student Voice and already have a working knowledge of Flipgrid.	Dec 21, 2020	50 min

Module title	Description	Completed on	Duration
Creating visual learning materials with ThingLink	<p>In this short introductory course, you will learn how you can create powerful visual learning materials to engage your learners and publish to your school communities. ThingLink is a visual learning solution for classroom and remote learning. You can use it to bring images, video and 360-degree virtual tours to life with further information. This can include any combination of voice and text notes, as well embedded Microsoft tools and web resources. Students can use it to document projects and assignments at home too! ThingLink integrates beautifully with Microsoft Teams, providing the perfect opportunities to collaborate in your Chats and Channels. Helpful Tip! Watch each of the ThingLink Videos and explore the Tags for extra info. On completion you will receive a digital badge and you can also complete our form for an exclusive ThingLink Lanyard and Medal!</p>	Dec 20, 2020	1 hr
Student and school success - Education Transformation Framework	<p>School success is anchored in equity and inclusion. Building capacity through professional learning and development for all ensures students develop their social and emotional skills and are successfully prepared for the future.</p>	Dec 20, 2020	58 min

Intelligent environments - Education Transformation Framework	Develop safe and secure onsite and online environments. Use data analytics to optimize student outcomes and to create efficient, responsive, and sustainable processes and resources allocation.	Dec 20, 2020	1 hr
Microsoft K-12 Education Transformation Framework: Intelligent environments	Developing intelligent environments to optimize learning for both students and teachers is the third pillar in Microsoft's Educational Transformation Framework. This includes creative collaboration in flexible learning spaces, creating more sustainable and energy-efficient ways of working, and providing responsive and coordinated security to keep learning communities safe. School leaders can create intelligent environments by configuring each learning environment to create purpose-driven and accessible learning spaces backed by smarter security and facilities management. This course will guide school leaders through their own process of building intelligent environments. Starting with a brand new space to design an intelligent environment would be great, but is not realistic for most school leaders. This course takes into consideration the obstacles school leaders face when designing an intelligent environment within their current building.	Dec 20, 2020	4 hr

Module title	Description	Completed on	Duration
Teaching and learning - Education Transformation Framework	In this module school leaders and educators learn to help students achieve their potential by taking a student-centered approach to explore all aspects of teaching and learning: curriculum, assessment, devices, and spaces with a focus on understanding and meeting the needs of all students.	Dec 20, 2020	1 hr
Leadership and policy - Education Transformation Framework	In this module, school leaders and educators learn to envision and create an intentional culture of innovation and learning. This culture has shared goals that engage the community. These goals also motivate leaders, educators, and all stakeholders to plan and lead change through collaboration.	Dec 20, 2020	53 min
Microsoft K-12 Education Transformation Framework: Leadership and Policy	This course focuses on Leadership and Policy design for school leaders. This component is aimed at building system-wide leadership to drive change.	Dec 20, 2020	4 hr

Computational thinking and its importance in education	Computational thinking and its importance in education	Jan 17, 2018	1 hr
Computational thinking and its importance in education	Computational Thinking is a way of thinking about problems, similar to mathematical thinking or scientific thinking. But it is slightly different than those methods of thought. The problems being solved with computational thinking can leverage the power of technology, like software. This module is designed for all educators from all subject areas who would like to know more about computational thinking and how it can be applied within cross-curricular educational settings.	Jan 17, 2018	41 min
